Scripture Summary

You must understand this, my beloved: let everyone be quick to listen, slow to speak, slow to anger; for your anger does not produce God's righteousness. Therefore rid yourselves of all sordidness and rank growth of wickedness, and welcome with meekness the implanted word that has the power to save your souls.

Humour Corner

There was a very gracious lady who was mailing an old family Bible to her brother in another part of the country.
"Is there anything breakable in here?" asked the postal clerk.
"Only the Ten Commandments." answered the lady.

Church Offers Unique Ministry in National Park

A Gem of a United Church

Credit: The United Church of Canada

Canadian churches grace unique places: restaurants, storefronts—even movie theatres. Perhaps the most serene of all settings, though, is a national park. Waterton United Church is situated in the heart of Waterton Lakes National Park in Alberta. Although the United Church has had a presence in the park since 1955, the current building was dedicated in 1961. The cathedral window in the sanctuary, designed to frame the mountains, offers a breathtaking view. “Architect George Watson framed Mount Vimy,” explains Carol Watt, Secretary. “People who aren’t involved in the church but just stop to visit look out captivated by the view of the mountain over the lake. It’s a special thing that happens. It touches something deep within.”

Your gifts through Mission and Service help the church remain open year-round. In the summer, Sunday services take place from late June through September with support from guest ministers. Other services are offered during holy days throughout the year. Youth groups use the building as retreat space, and the chapel is a popular space for weddings. With a small room and kitchenette behind the sanctuary, the church also draws leaders who want to retreat.

“Providing space for spiritual reflection and retreat is an important aspect of the ministry we provide,” says Watt.

A newsletter reads, “Waterton United offers a unique ministry to the wealth of summer visitors who flock happily into the national park and then find this gem of a United Church of Canada.”

Thank you for supporting churches in remote places that witness in a unique

way to the majesty and grace of God.

Halton as we know it today is rich in history and modern traditions of many First Nations and the Métis. From the Anishinabe to the Attawandaron, the Haudenosaunee, and the Métis - these lands surrounding the Great Lakes are steeped in Indigenous history. We acknowledge and thank the Mississauga's of the Credit First Nation for sharing their traditional territory with us.
